

EPOS WP 6 - Exploitation

Lead: Strane Innovation

Footprint calculation

D6.5

Quantis

March, 2019

Summary

This deliverable presents the steps in order to generate a footprint calculation with the EPOS toolbox. This deliverable accompanies the delivery of the EPOS toolbox, which is approaching its final version and builds upon Deliverable 3.7, which presents the EPOS toolbox in detail and is a culmination of work over the past 42 months.
